

Specialty Pharmacy Coordination Program

Personalized support, and services for managing complex health conditions

As costly as specialty drugs can be, the outcomes can dramatically improve the quality of your life. Yet, the effectiveness of your medications depends mostly on whether you are taking them as prescribed.

The Specialty Pharmacy Coordination Program provides specialty drug management by coordinating your care as part of a comprehensive plan monitored closely by qualified professionals. Selecting the right pharmacy within a network is an important way to avoid breakdowns and improve consistency of your care. CVS Specialty Pharmacy can ship specialty drugs to your home or to a retail CVS Pharmacy for you to pick up.

To help you achieve the best possible health outcomes, the following services are available:

- One-on-one support from a registered nurse specializing in your specific condition
- Comprehensive assessment when you start the program
- Dedicated clinical team who coordinates care with your doctor
- Drug interaction review
- Drug and condition-specific education and counseling on medication adherence, side effects and safety
- Refill reminders
- 24-hour pharmacist assistance

The program addresses the unique clinical needs for the following conditions: Crohn's Disease, Cystic Fibrosis, Hemophilia, Hereditary Angioedema, Multiple Sclerosis, Oncology, Rheumatoid Arthritis, Ulcerative Colitis and select IVIG conditions.
